Teen Policies

Eligibility:

- Enrollment will not be allowed after the third class has started.
- Students must be 15 years old by the first day of class.
- Classroom and Behind the Wheel instruction will be completed in no less than 30 days.
- Students must have their Traffic Safety Education class completed within 3 months of the first day.
- Student must acquire Learner's Permit by lesson #3.

Classroom/Behind the Wheel:

- Parent Night: The first hour of lesson #1 is structured for parents and student education.
- Students are expected to participate in all 15 lessons. Any absences, (maximum 3), must be made up by attending the specific lesson missed. All make up classes are attended at our main location. Student tardiness is viewed as an absence and the entire lesson needs to be made up.
- All absences and failed tests (scoring less then 80%) must be rescheduled within one week.
- No cell phone use allowed in class.
- Washington State requires our course to include information about the Organ Donor Program. This portion of the course is optional.
- Students are fully accountable for their conduct. Students can be dismissed from the course for misbehavior, cheating (whether sharing or receiving answers), excessive tardiness, misuse or abuse of equipment, repeated or willful violation of traffic laws, being under the influence of drugs or alcohol, failure to complete assigned work and multiple failed tests during the course. No refunds will be given.
- Completion of this traffic safety course does not guarantee student(s) will pass the Knowledge and/or Skills Testing for Washington State Drivers Licensing.
- Educational Drives are not part of regular classroom hours and are scheduled independently from the scheduled class.
- Washington State Law mandates the drives be done in a timely manner in order to be complimentary to the classroom lessons. For this to happen; Drives 1, 2 and 3 need to be completed by the last day of class and Drives 4 and 5 need to be scheduled prior to the last day of class.
- It is 911 Driving School practice to have two students in the instructional vehicle at all times. There are instances when this is not possible. By enrolling in a 911 Driving School Traffic Safety Education Course; Parent/Guardian gives 911 Driving School permission to conduct Behind the Wheel training in a one-on-one setting.
- No food, drink or gum is allowed in the instructional vehicles.
- Parent involvement is critical for the student's success!

    - 50 hours of supervised driving (10 of which being nighttime hours) are required by WA state prior to receiving a driver's license.
    - If parents refuse to practice with the student and the student is unable to complete the tasks of each BTW lesson, parents will need to pay for additional drives in order for the student to move onto the next drive lesson. This can be avoided by daily practicing at home.
- A Traffic Safety Education Certificate will be electronically submitted to the Department of Licensing upon successful completion of all tests and activities required for our program and upon full payment of tuition and fees.
- A student signature is needed on attendance records for Department of Licensing verification that all requirements were met.
- Prolonging classroom/BTW/Test completion beyond 3 months from the first day of their class disqualifies students from earning a TSE certificate.

Washington State Driver's License Testing

911 Driving School of Marysville has been awarded authority to administer knowledge and skills tests by Department of Licensing. Department of Licensing determines eligibility/issuance of Driver's Permit/License. 911 Driving School of Marysville is an approved testing facility only! Additional fees are required at Department of Licensing outside of testing fees paid to 911 Driving School of Marysville.

- *Knowledge test is administered during the last day of traffic safety education session and is included in the cost of our basic tuition. (Retesting is a separate fee).*
- *Skills test is available once the TSE student has successfully completed traffic safety education by scheduling an appointment and for an additional fee.*
    - *Students are eligible to take written knowledge test on the last day of class when tuition is paid in full, all classroom modules completed and all tests have been completed with 80% or higher grade.*
    - *Failure to bring instructional permit to the last class disqualifies the student from taking the DOL test!*

Fees & Important Info:

- A fee will be charged if a student does not show up for a scheduled drive without at least 24 business hour notice or does not bing a valid learner's permit for a drive.
- A fee is charged for returned checks. A monthly invoice billing fee and/or collection fee may be assessed when tuition/fees are not paid in full by the last day of class.
- A fee will be charged if any student fails to complete the course within three months from the first day of class.

- Students can be dismissed without refund from the course for failing to complete 3 drives and/or schedule 5 drives by the last day of class, or not rescheduling missed classes within one week of absences.
- Refunds: A processing fee is charged if student drops the course prior to the 2nd class. After the 2nd class session, no refunds are available.
