Note: It is our school policy for students to complete their Driver's Education course in a timely manner. This includes completing all classroom sessions and/or makeup classes, failed tests (scoring less than 80%), and required drive and observation hours. In order to maintain compliance with this, it is our school policy courses must be completed within 6 months from the first day of class. This includes payment in full. Extensions to this policy may be granted on a case-by-case basis. Courses not completed within this criteria will be considered failures and will need to be repeated at the parent/student's expense.

Behind the Wheel (BTW) Practice: Students are eligible to start behind the wheel instruction after completing their first day of classroom instruction. In addition to course drives with instructors, 50 hours of supervised driving (a minimum of 40 hours during the day and 10 hours at night) is required by Washington State prior to receiving a driver's license. If parents are unable or refuse to practice with the student and the student is not able to complete the tasks of each BTW lesson, parents will need to purchase additional drives at the rate of \$50 per hour in order for the student to move onto the next drive lesson. This can be avoided by helping your student practice in between student drives.
