
BELLINGHAM 911 DRIVING SCHOOL TEEN POLICIES

Classroom Attendance:

- Enrollment will not be allowed after the 3rd class has started.
- Students must be 15 years of age by the first day of class.
- The Driver's Ed course and any makeup classes must be completed no more than 2 months from the last day of class and no less than 30 days from the first day of class.
- Students may not be more than 10 minutes late to class.

Students arriving more than 10 minutes late will be required to take the entire class over. Each tardy counts as an unexcused absence.

- Students must be present for every attendance check throughout each of the classes.

Failure to acknowledge when called on, students will be required to take the entire class over.

- Students are responsible for the rescheduling of all missed classes and tests.

If the student is going to be absent, they are expected to schedule a make-up class in advance through the DSS system.

If the student misses a class without rescheduling in advance, it will be marked as an unexcused absence, and they will be expected to reschedule a make-up class.

- No more than 3 unexcused absences will be permitted.

After the 3rd absence the student's account will be deactivated, a \$50 reinstatement fee will be applied, and the student can be required to start the course over. We will submit failed courses to the DOL.

Parents Participation: We strongly encourage parents to be actively involved, which is critical for the student's success. A parent is required to attend the first day of class for the first hour. If a parent is unable to attend the first day, another guardian over the age of 18 may attend.

Driver-Zed: We frequently participate in DOL's Driver-Zed program. This includes 4 hours of classroom simulation and is included in the regular classroom schedule. This allows us to cover dangerous driving conditions as well as events that are uncommon but could occur.

Graphic Content: Our course curriculum can include some video content that is graphic. It is not intended to scare the students but rather instill respect for the dangers involved with driving. Please inform us if you prefer to opt out.

Behavior:

Students are fully accountable for their conduct and can be dismissed from the course without refund for:

- Misbehavior
- Cheating (sharing or receiving)
- Being under the influence of drugs or alcohol during the behind the wheel instructional phases
- Repeated and willful violation of traffic laws
- Failure to complete any of the course requirements.

Scheduling of Behind the Wheel (BTW) Drives:

Behind the wheel drives can be scheduled online through the DSS system. After the completion of the first class and receipt of a learner's permit, students can view the Drive Calendar for open BTW drive appointments. Drives are scheduled separately from classroom time, usually available 7 days a week and are posted on a weekly basis to the Drive Calendar.

- Students cannot complete their first drive until after the 3rd class has been completed.
- Only one drive may be completed per day.
- A minimum of 3 drives should be completed prior to the last day of scheduled class.
- All drives must be completed no more than 2 months from the last day of class.

- There will be a \$50 reinstatement fee assessed if the student does not complete all drives by the end of the 2 months of the last day of class.
- We reserve the right to cancel any drive on rare occasions when an instructor or a vehicle is unexpectedly unavailable. We will make every attempt to provide as much notice as possible.

Cell Phones: Cell phone use is prohibited in instruction vehicles.

Optional Drives: There are a total of 5 drives included in the Driver's Ed course. Additional drives can be purchased. Please contact the office for more information.

BTW Permissions: It is 911 Driving School practice to always have one to two students in the instructional vehicle. By signing this form, you give 911 Driving School permission to conduct BTW training in a one-on-one setting.

Behind the Wheel (BTW) Practice:

No one can learn to drive in 5 hours. Behind the wheel practice with a licensed adult in addition to the BTW drive appointments is critical for success.

- We recommend a minimum of 3-5 hours of practice time between scheduled drives.
- All students must be able to demonstrate basic driving skills before course completion can be issued.
- If an instructor believes that a student is not ready for the next drive, then we will contact the parent/guardian to discuss what can be done to help the student succeed. Future scheduled drives may be canceled until a resolution can be reached.
- The best way to help ensure success and a positive experience is for the teen to practice in a parking lot prior to the beginning of Driver's Ed. Confidence is key.

Observation: One hour of observation time is required, per State of WA DOL, with 30hrs of classroom instruction and 5 hours of BTW instruction. Additional observations may be scheduled at no charge.
